

DOPAMINE

is packaged in moments of anticipation,
excitement and adventure

Creates a sense of euphoria

✕

Heightens experience

✕

Improves creativity and problem-solving

✕

Helps you make faster and better connections
between thoughts, ideas and feelings

✕

Enhances the effects of all the other Brain Drugs

Directions for use

To increase levels of Dopamine, listen to your favourite music, exercise, socialise with friends or do something you enjoy.

Caution advised

Excessive Dopamine levels may increase risk-taking behaviour.
